Advanced Level Student Hourly in Nutrition Epidemiology Research Program

The person in this position will work as part of a team that is conducting epidemiologic research on the relationship of diet and lifestyle behaviors to age-related eye disease. She/he will work closely with Dr. Mares, Ms. Sondel and Dr. Voland, assisting in data documentation and data entry. This person should have knowledge of, or the ability to learn simple procedures with the SAS statistical package. He/she will make tables in Microsoft word. He/She will attend a 1 ½ hour team meeting each week.

**Salary Rate:** $10-12 range based on experience

**Appointment hours:** 12 hours per week

**Start and End dates:** May 1, 2010 -- December 31, 2010
